SUBMITTAL OF DRAFT FINAL "FINDING OF NO SIGNIFICANT IMPACT" (FONSI) FOR THE ENVIRONMENTAL ASSESSMENT OF SUPERCOMPACTOR AND REPACKAGING FACILITY AND TRU WASTE SHREDDER. DOE/EA-0432

Attached is a copy of the Draft Final FONSI for the Supercompactor EA. Public review of the FONSI and the EA did not result in the need for new analysis. Two copies were hand delivered to DOE on June 6, 1990.

In order to finalize the NEPA process for the Supercompactor EA, it will be necessary to incorporate comments from DOE/RFO and HQ on the "Response to Comments" document which was submitted to DOE/RFO on June 1, 1990. We have not yet received any comments from DOE since submitting the document. Prior to public release, EG&G will revise some of the responses per ongoing activities related to resumption.

Once the language of the Draft Final FONSI has been agreed upon by DOE/RFO, DP and EH and is published in the Federal Register, we recommend concurrent distribution of the "Response to Comments" document to priority commenters (list attached) and distribution to local public reading rooms
